

## **FOR IMMEDIATE RELEASE**

### **AirNet Expands Service on the West Coast**

**COLUMBUS**, Ohio – October 30, 2009 – AirNet Systems, Inc. (“AirNet”) is pleased to announce that it has expanded flights throughout the West Coast of the United States.

The expansion creates a dynamic presence within the Western region of the United States, enabling AirNet’s customers to benefit from time-critical delivery of shipments that also require a high degree of custody and control. The cities being added to current points of origin in Hawthorne, California and Oakland, California include outbound flights to Fresno, Bishopville, Victorville, Bakersfield, San Luis Obispo, Redding, Chico, Eureka, and Ukiah, California, as well as Las Vegas, Nevada.

George Gonzalez, CEO and President of AirNet commented, “We are excited about this recent expansion which further strengthens our network throughout the United States. Our growth within this market demonstrates our overall strategy of expanding AirNet’s presence in the market and serving customers from coast to coast.”

#### **About AirNet:**

AirNet Systems, Inc. focuses its resources on providing value-added, time-critical aviation services to a diverse set of customers in the most service-intensive, cost-effective manner possible. AirNet operates an integrated national transportation network providing expedited transportation services to banks and time-critical small package shippers nationwide. AirNet’s aircraft are located strategically throughout the United States. To find out more, visit [www.airnet.com](http://www.airnet.com).
